    ▪ PLT decided to change the Swap-Shop from an exchange program to a donation program. Parents would be able to drop any items off at the school that they wanted to donate (pants that no longer fit, polos never worn, etc.). School staff would use these to give out to students in need, and also provide students the opportunity to swap out items in the inventory. The inventory would be kept in one of the storage rooms at school.
  ▪ Email will come from Amy Robinson regarding the Uniform Donation Program.
  o Pictures
    ▪ Pictures will fall under the Yearbook Committee for implementation later in the year.

PLT Purpose: To lead the greater parent group (Parent Organization) in support of the STEM School through planning, overseeing, and implementing PLT initiatives

- One major area to work on will be in thinking how we can best integrate parents into the many STEM items unique to the school. Ultimately, with parents having a good working knowledge of what they can do to best support their child’s learning and progress.
  - Outdoor Classroom Committee: Lori Warren (lori.warren@chattanoogastate.edu) - absent
  - STEM Day Committee: Cameille Vlietstra (cameillev@chattanoogacvb.com)
    - Date for STEM Day will be either April 18th or March 21st.
    - Cameille’s plans include:
      • Meeting with Tracie Clifford regarding fundraising.
      • Contacting food vendors.
      • Connecting with Christina for STEM Day volunteers.
      • Meet with students for ideas.
      • Investigate possible musical guest.
      • Provide Student Council and clubs opportunity to have tents at the event.
      • Create armband purchase process that provides elementary schools with a portion of the proceeds coming from their school age student participants.

  - STEM Parent Get Together – Ideas for STEM School parents to get together and connect
