

GRADE POINT AVERAGE COMPUTATION

STUDENT NAME: _____

GRADE: _____

Cumulative, Unweighted GPA

This includes all classes .

Number of As (93 – 100) _____ X 4 = _____

Number of Bs (85 – 92) _____ X 3 = _____

Number of Cs (75 – 84) _____ X 2 = _____

Number of Ds (70 – 74) _____ X 1 = _____

Number of Fs (0 – 69) _____ X 0 = _____

Total # of grades: _____ Total Pts. _____

To compute your grade point average, divide the total points by the number of grades

My cumulative, unweighted grade point average is _____

Cumulative, Academic GPA

Count only courses in the five major subject areas (English, math, science, social studies foreign language)

Number of As (93 – 100) _____ X 4 = _____

Number of Bs (85 – 92) _____ X 3 = _____

Number of Cs (75 – 84) _____ X 2 = _____

Number of Ds (70 – 74) _____ X 1 = _____

Number of Fs (0 – 69) _____ X 0 = _____

Total # of grades: _____ Total Pts. _____

To compute your grade point average, divide the total points by the number of grades

My cumulative, academic grade point average is _____
